for Harley-Davidson Motorcycles
Made in USA

PROTECT YOUR...

- Oil
- FL/FXD Engine
- Investment
- Riding Time

Black Anodized

Chrome

Aluminum

For Harley
FL & FXDs

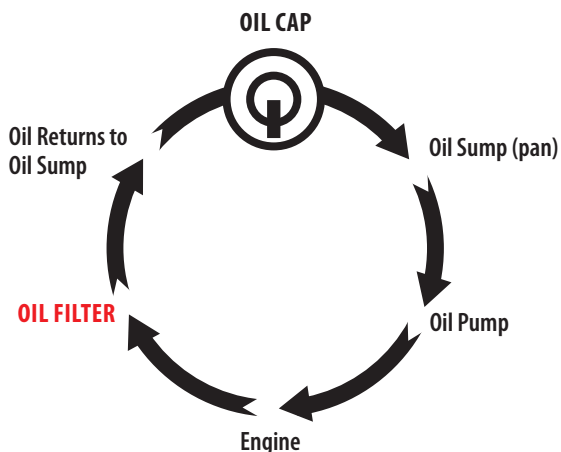

SECURITY

Prevents these and other items from entering your engine through the oil cap:

- Sand • Cigarette butts • Wood screws • Gravel, rocks • Small nails • Wood chips

All these have been found in engines upon tear-down. Engine rebuilding was necessary. The **Guardian Oil Protector™** locking oil caps can prevent this.

YOUR OIL FILTER WILL NOT PROTECT YOU – the last thing your oil reaches is the filter...

Guardian Oil Cap
Only **6¢** per day (5 yr. cost)

Engine Rebuilding Costs
\$6,000.00 plus, average
